

MIIX 720

DO AMAZING THINGS

Your face, your touch, your creativity—the Lenovo™ Miix 720 is all about you. A powerful laptop one minute, a touchscreen tablet the next. This 2-in-1 detachable is stylish and lightweight, combining chic design with a stunning display that will help you breeze through any task, wherever life takes you. Unlock the system in a personal, secure way—without entering a password. Capture your imagination by writing & drawing directly on the screen... Go ahead, do amazing things.

WHY YOU SHOULD BUY THE LENOVO MIIX 720

Clearly better

Thin and light yet powerful, this eye-catching 2-in-1 PC was designed to be a chic complement to your daily life, with its one-piece metal alloy design, unique dual watchband hinges and vivid QHD+ display.

Set your ideas in motion

With the bundled Lenovo Active Pen 2, you can interact with your Miix in more creative ways—from signing documents, writing notes by hand and editing photos, to sending out handwritten emails. Get it all done, with the touch of the Lenovo Active Pen 2.

Lenovo™

Your face, your password

Miix 720 provides a personal, secure way to log into your system—without entering a password. Thanks to the front-facing integrated Infra-Red camera and Windows Hello support, your Miix 720 unlocks in seconds when it recognizes your face.

Work hard, play hard

Whether you're creating presentations, editing photos, or running favorite programs, the Miix 720's high-performance processors are ready to take your productivity and creativity to the next level.
